DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2018-0092]

Certificate of Alternative Compliance for the GLOBAL PROVIDER

AGENCY: Coast Guard, DHS.

ACTION: Notification of issuance of a certificate of alternative compliance.

SUMMARY: The Coast Guard announces that the Thirteenth District has issued a certificate of alternative compliance from the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), for the M/V GLOBAL PROVIDER (O.N. CG1427905). We are issuing this notice because its publication is required by statute. Due to the construction and placement of the aft and forward masts, and required lights, M/V GLOBAL PROVIDER (O.N. CG1427905) cannot fully comply with the light, shape, or sound signal provisions of the 72 COLREGS without interfering with the vessel's design and construction. This notification of issuance of a certificate of alternative compliance promotes the Coast Guard's marine safety mission.

DATES: The Certificate of Alternative Compliance was issued on February 14, 2018.

FOR FURTHER INFORMATION CONTACT: For information or questions about this notice call or e-mail LT B. Luke Woods, Thirteenth District, U.S. Coast Guard; telephone 206-220-7232, email Bert.L.Woods@uscg.mil

SUPPLEMENTARY INFORMATION:

The United States is signatory to the International Maritime Organization's International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), as amended. The special construction or purpose of some vessels makes them unable to comply with the light, shape, or sound signal provisions of the 72 COLREGS. Under statutory law¹ and Coast Guard regulation,² the vessel's owner, builder, operator, or agent of those vessels may apply for a certificate of alternative compliance (COAC).³ For vessels of special construction, the cognizant Coast Guard District Office determines whether the vessel for which the COAC is sought complies as closely as possible with the 72 COLREGS, and decides whether to issue the COAC which must specify the required alternative installation. If the Coast Guard issues a COAC, under the governing statute⁴ and regulations,⁵ the Coast Guard must publish notice of this action. Once issued, a COAC remains valid until information supplied in the COAC application or the COAC terms become inapplicable to the vessel.

The Chief, Prevention Division, of the Thirteenth Coast Guard District, certifies that the M/V GLOBAL PROVIDER (O.N. CG1427905) is a vessel of special construction or purpose, and that, with respect to the position of the forward and aft masts, and required lights, it is not possible to comply fully with the requirements of the provisions enumerated in the 72 COLREGS, without interfering with the normal operation, construction, or design of the vessel. The unique design of the vessel did not lend itself to full compliance with Annex I part 2 (a)(i), Annex 1 part 2 (a)(ii), and Annex 1 part 2 (i)(i) of the 72 COLREGS of the International Navigational Rules. The Chief, Prevention Division further finds and certifies that the forward
